Field Work Security Issues at Formerly Used Defense Sites (FUDS)
Tail assembly from an 81mm mortar
Projectile body
Unexploded 100 lb. General Purpose High Explosive Bomb
Unexploded 3” Anti-Tank Shell
A Site Inspection Answers These Questions:

1. Is there an explosive safety hazard?

2. Is there munitions constituents (MC) contamination (potential health hazard)?
100 lb practice bomb munitions debris
.50 caliber ammunition

2.75” rocket debris
High explosive bomb crater
Old tank used as a target

12/13/2007
Foxholes
# ACTIVITY HAZARD ANALYSIS

**Activity:** WORKING NEAR THE U.S./MEXICO BORDER

<table>
<thead>
<tr>
<th>Principal Steps</th>
<th>Potential Safety/Health Hazards:</th>
<th>Recommended Controls</th>
</tr>
</thead>
</table>
| Site Inspection near Mexico-US Border. | Traffickers (Drugs, Arms, Immigrants) | Lock vehicle when it is alone, when at work, when inside, or driving. PARSONS signs/magnets should be placed on work vehicles and in a manner easily visible.  
If you spot suspicious activity contact Border Patrol or the Law Enforcement and begin making your way back to the field vehicle.  
The site visit team will wear bright orange vests.  
Contact Border Patrol and other Law Enforcement to notify where and when field work will take place and find out from them what to expect when working in this particular area.  
If the site visit team does not feel safe, leave the area and contact the project manager. |
| Vehicle Traffic          | Team should avoid traffic on secondary roads.  
Be wary of Hummers and other vehicles not marked with Border Patrol symbols.  
Lock vehicle when it is alone, when at work, when inside, or driving.  
PARSONS signs/magnets should be placed on work vehicles and in a manner easily visible. |
| Illegal Immigrant Encounters | It is a possibility but unlikely that the site visit team will run into people walking. Teams should keep an eye out for any suspicious people or groups. |
| Citizens Protection/Minuteman Civil Defense Corps | Minuteman Civil Defense Corps are a national citizen’s neighborhood watch with their goal to secure the U.S. borders and coastal boundaries against unlawful or unauthorized entry of individuals and contraband. Minuteman groups or individuals may encounter the field team. Care should be taken to visually display the teams presence by wearing hunter orange vests and have vehicles marked with PARSONS. |

**Equipment Requirements:** At least one Type II, 16-unit First Aid kit, Garmin Rhino 120 handheld GPS/radio, field computer, camera, Iridium 9500 satellite phone, 4-wheel drive vehicle with high ground clearance, high visibility vests (i.e., Hunter Orange).

**Training Requirements:** These personnel will also be current in OSHA training in accordance with 29 CFR 1910.120 (HAZWOPER) and enrolled in a medical monitoring program in accordance with 29 CFR 1910.120(f). Team members will also have Parsons Safety Training (ParsonsU), and 8-hr Supervisor’s Training in accordance with 29 CFR Part 1910.120(e) for Supervisors.

**Inspection Requirements:** Phone numbers for Border Patrol and emergency services should be on hand at all times. Contact should be given to the local law enforcement on the timeframe of work and specific location.
