^A P = Petroleum; U = Used oil; H = Heating oil; A = Aboveground; C = Chemical; F = Farm; M = Mixed; AB = abandoned.

^B MD's deductible amounts 1) motor fuel and commercial heating: <7 tanks owned = \$7,500; 7-15 = \$10,000; 16-30 tanks = \$15,000; >30 tanks = \$20,000 2) residential heating oil: \$1,000.

^C Information presented for MI refers to the old fund which has been insolvent since June, 1995. A new fund is being created, which is referenced in Table 5.

^D NJ's fund closed to regulated tank applicants as of 6/30/05, as that was the last date to accept applications as per the statute that governs the program. New legislation has been introduced to reopen the fund to regulated tank applications, however that legislation is pending. the Fund continues to accept applications related to home heating oil tanks.

^E Commercial USTs

^F Heating Oil Tanks

Table 1 Definitions:

Of Facilities Covered: The total universe of properties or facilities which would be covered by your fund if a release from a covered tank were to occur.

of Tanks Covered: Of the total number of facilities covered, the number of USTs within those facilities which would be covered if a release were to occur.

Release eligibility sunset date: The date the fund will no longer accept sites in the program where there has been a new release. Some states refer to this date as the claims bar date.

Fee sunset date: The date where the collection of any fees, taxes, program income, etc. is stopped.

Program ending date: The date the fund will no longer be in existence (e.g.- legislative termination date, the date the fund runs out of money).
