Mr. Chip Crockett
ASTSWMO President

Dear Dania and Chip:

On the occasion of the 45th anniversary of ASTSWMO, the members and staff of ECOS commend your association on its outstanding service to the states.

For more than 25 years, ASTSWMO has also served as a valuable resource to ECOS on a wide range of issues — from coal ash to cooperative federalism, federal facilities to funding, and Superfund to sustainable materials management. In addition to your close association with the ECOS Waste Committee and its workgroups, you have worked hand-in-hand with our affiliates the Interstate Technology & Regulatory Council and E-Enterprise for the Environment to lend your expertise.

This week, as you meet in Washington to celebrate “States Leading the Way,” we thank ASTSWMO for your leadership role. Congratulations to you and your colleagues on reaching this milestone, and all our best wishes for continued organizational success.

Regards,

Donald Welsh
