<sup>1</sup> LA: Effective August 1, 2018 the Louisiana State Legislature modified the Statutes to negate the Trust Fund's \$40M and \$10M respective fund ceiling and fund floor limitations. They included language giving the DEQ Secretary authority to modify the per gallon motor fuel fee as necessary to meet the needs of the fund, not to exceed the current rate of \$0.008/gallon.

<sup>2</sup> LA: State cannot determine a number of these column values for older sites on a release basis. Thus, the submitted data is listed on a site basis. A number of these sites have/had multiple releases.

<sup>3</sup> ME: If balance drops below \$6M, Fees are increased by 18¢/b of gas, and 6¢/b of other except crude, liquid asphalt and #6 oil.

<sup>4</sup> : MA: The unobligated UST Fund balance at the end of each fiscal year reverts to another dedicated non-UST related fund. Beginning on the first day of the new fiscal year, fees are deposited to the UST Fund up to the \$30M cap

<sup>5</sup>MI 2017 Update: Data provided is for new Fund, created on December 30, 2014 and began excepting claims on January 1, 2016.

<sup>6</sup>TX: Current Balance of Fund reported is from FY18; FY19 data will be available in November

<sup>7</sup>TX: As of 09/01/2012, the fund is no longer available for corrective action at LPST sites unless the tank owner/operator is unknown, unwilling, or financially unable to pay for the cleanup. Those sites are handled through the State Lead program.

2019 State Fund Survey Instructions/Definitions

Table 2. Funding for State Financial Assurance Funds

NOTE: "Releases/occurrences" are what are known in some states as "sites".

**Annual tank fee:** Any fees assessed on tanks which provide revenue to the state fund.

**Petroleum fee/gallon:** Any fees assessed per gallon of petroleum which provide revenue to the state fund.

**Approximate annual revenue (millions):** Total income into the state fund for the fiscal year. (This is a fiscal year total, not a grand total since the fund's inception.)

**Fund Floor (millions):** The minimum cash balance that triggers collection of taxes or fees for the fund. If there is none, enter "none."

**Fund ceiling (millions):** The maximum cash balance that triggers cessation of collection of taxes or fees for the fund. If there is none, enter "none."

**Approximate current balance (millions):** The end-of-fiscal-year cash balance in your state tank fund. If you have separate accounts or separate "funds" for various purposes or various types of tanks, enter the total amount of all such accounts or funds you administer.

**Total Obligated (millions):** The total amount of money committed in approved work plans but not yet paid out.

**Amount of Outstanding Claims (millions):** If the state funds holds on to payment requests until funding is available, the amount of claims "in the queue". If none, enter \$0.

**# of releases/occurrences with Outstanding Claims:** the number of requests for reimbursement that are waiting to be paid. If none, enter 0.

**# of releases/occurrences which have exceeded \$1 million reimbursable expenses:** Even if your state has a higher cap, report the cumulative number exceeding \$1 million for comparison purposes.

**Fund Coverage cap (millions):** This is the total eligible expenses for which the fund provides coverage (e.g., \$1 million).
