MELISSA FERREE

Melissa Ferree is an Engineer with the Delaware Department of Natural Resources and Environmental Control (DNREC) in the Compliance and Permitting Section. She has been with DNREC for 21 years and conducts hazardous waste compliance monitoring and enforcement, solid and hazardous waste facility permitting, and hazardous waste regulatory adoption. In addition, Melissa is responsible for Delaware's hazardous waste authorization process and is the state's administrator for the RCRAInfo database. Melissa has a Bachelor of Science degree in Chemical Engineering with a minor in Environmental Engineering from Clemson University.

Melissa has been active in the Association of State and Territorial Solid Waste Management Officials (ASTSWMO) for several years and has previously served as the Chair of the Program Information Management Task Force and Chair of the Hazardous Waste Funding Workgroup. She is currently serving as the Chair of the Hazardous Waste Subcommittee.
